Mission
S&T Intercollegiate Athletics fully supports the University’s mission to educate and produce individuals fully capable of rising to leadership roles to solve problems in our State and the technological world. Our program promotes athletic and academic excellence, life skill development, leadership opportunities, and loyalty to the institution.

Vision
Learning to be a leader involves much more than classroom training. The active learning environment provided for our competitive student-athletes complements their studies and adds a broader type of intellectual and social development.

Intercollegiate athletic programs at S&T promote:
- athletic and academic excellence
- sportsmanship
- leadership opportunities
- loyalty to the institution
- time management
- teamwork
- persistence
- cooperation
- self-confidence
- goal-setting
