Attendees: Barb Prewett, Katie Jackson, Carl Burns, Janet Walker, Sarah Moore, Kristie Schulte, Ross Gubrud, Pattie Fleck, Brett Watson, Jennifer Sherrell, Rachel Morris, Sgt Kemp

Topics of discussion:

1) At-Risk Student Prevention Strategies – Carl discussed an overview of the SIPS meeting. Basically the meeting was about how to better intervene early with at risk students. Ways to better support the students to give them a better chance of succeeding, communicating with the parents more that have at risk students, and better ways of recognizing sooner when the student is not doing well.

2) Recent observations concerning students seeking counseling – Patti Fleck discussed similar issues related to SIPS. Counseling is getting the secondary portion of at risk students. When the student comes for advice semesters down the road and the only solution is to withdraw with tons of debt.
