UCARE Meeting  
September 26, 2012  
Residential Life Conference Room  

Attendees: Barb Prewett, Katie Jackson, Carl Burns, Janet Walker, Laurie Sewell, Christine Laughlin, Sarah Moore, Kristie Schulte, Ross Gubrud, Patti Fleck, Connie Arthur, Rachel Morris  

**Topics of Discussion**  
1. PIP Suicide Prevention “call to action” input – Partners in Prevention. Patti Fleck did an overview of her meeting regarding the PIP grant. The Missouri Counseling Directors want to define “call to action” and address suicide issues on campus and take some action. Some ideas were suicide prevention, mental health first aid, getting others involved, poster campaigns, developing guidelines for best practices for campus actions, webinars/conference calls. The floor was open for additional ideas that would be most helpful to this group. Some ideas were suicide awareness day, data surveys, and booths on campus, insurance rates, and conference/trainings for UCARE members to attend.  
2. Balancing Safety and Support on campus article – UCARE procedure is in line with what’s the best practice that was addressed in the article. Focus was more on Legal Foundations. HIPPA, FERPA, and Disability Law were discussed but no new information. Resource information is accessible under UCARE Team Member Resources Web Page [http://stuaff.mst.edu/ucare/resourcescommitteemembers/](http://stuaff.mst.edu/ucare/resourcescommitteemembers/)
