

## D-SCALE

Life Stress and Emotional Health

### DECOMPENSATING

- ▲ Behavior is severely disruptive, directly impacts others, and is actively dangerous. This may include life-threatening, self-injurious behaviors such as:
  - ▲ Suicidal ideations or attempts, an expressed lethal plan, and/or hospitalization
  - ▲ Extreme self-injury, life-threatening disordered eating, repeated DUIs
  - ▲ Repeated acute alcohol intoxication with medical or law enforcement involvement, chronic substance abuse
  - ▲ Profoundly disturbed, detached view of reality and at risk of grievous injury or death and/or inability to care for themselves (self-care/protection/judgment)
  - ▲ Actual affective, impulsive violence or serious threats of violence such as:
    - ▲ Repeated, severe attacks while intoxicated; brandishing a weapon
    - ▲ Making threats that are concrete, consistent, and plausible
    - ▲ Impulsive stalking behaviors that present a physical danger

### DETERIORATING

- Destructive actions, screaming or aggressive/harassing communications, rapid/odd speech, extreme isolation, stark decrease in self-care
  - Responding to voices, extremely odd dress, high risk substance abuse; troubling thoughts with paranoid/delusional themes; increasingly medically dangerous binging/purging
  - Suicidal thoughts that are not lethal/imminent or non-life threatening self-injury
- Threats of affective, impulsive, poorly planned, and/or economically driven violence
  - Vague but direct threats or specific but indirect threat; explosive language
  - Stalking behaviors that do not harm, but are disruptive and concerning

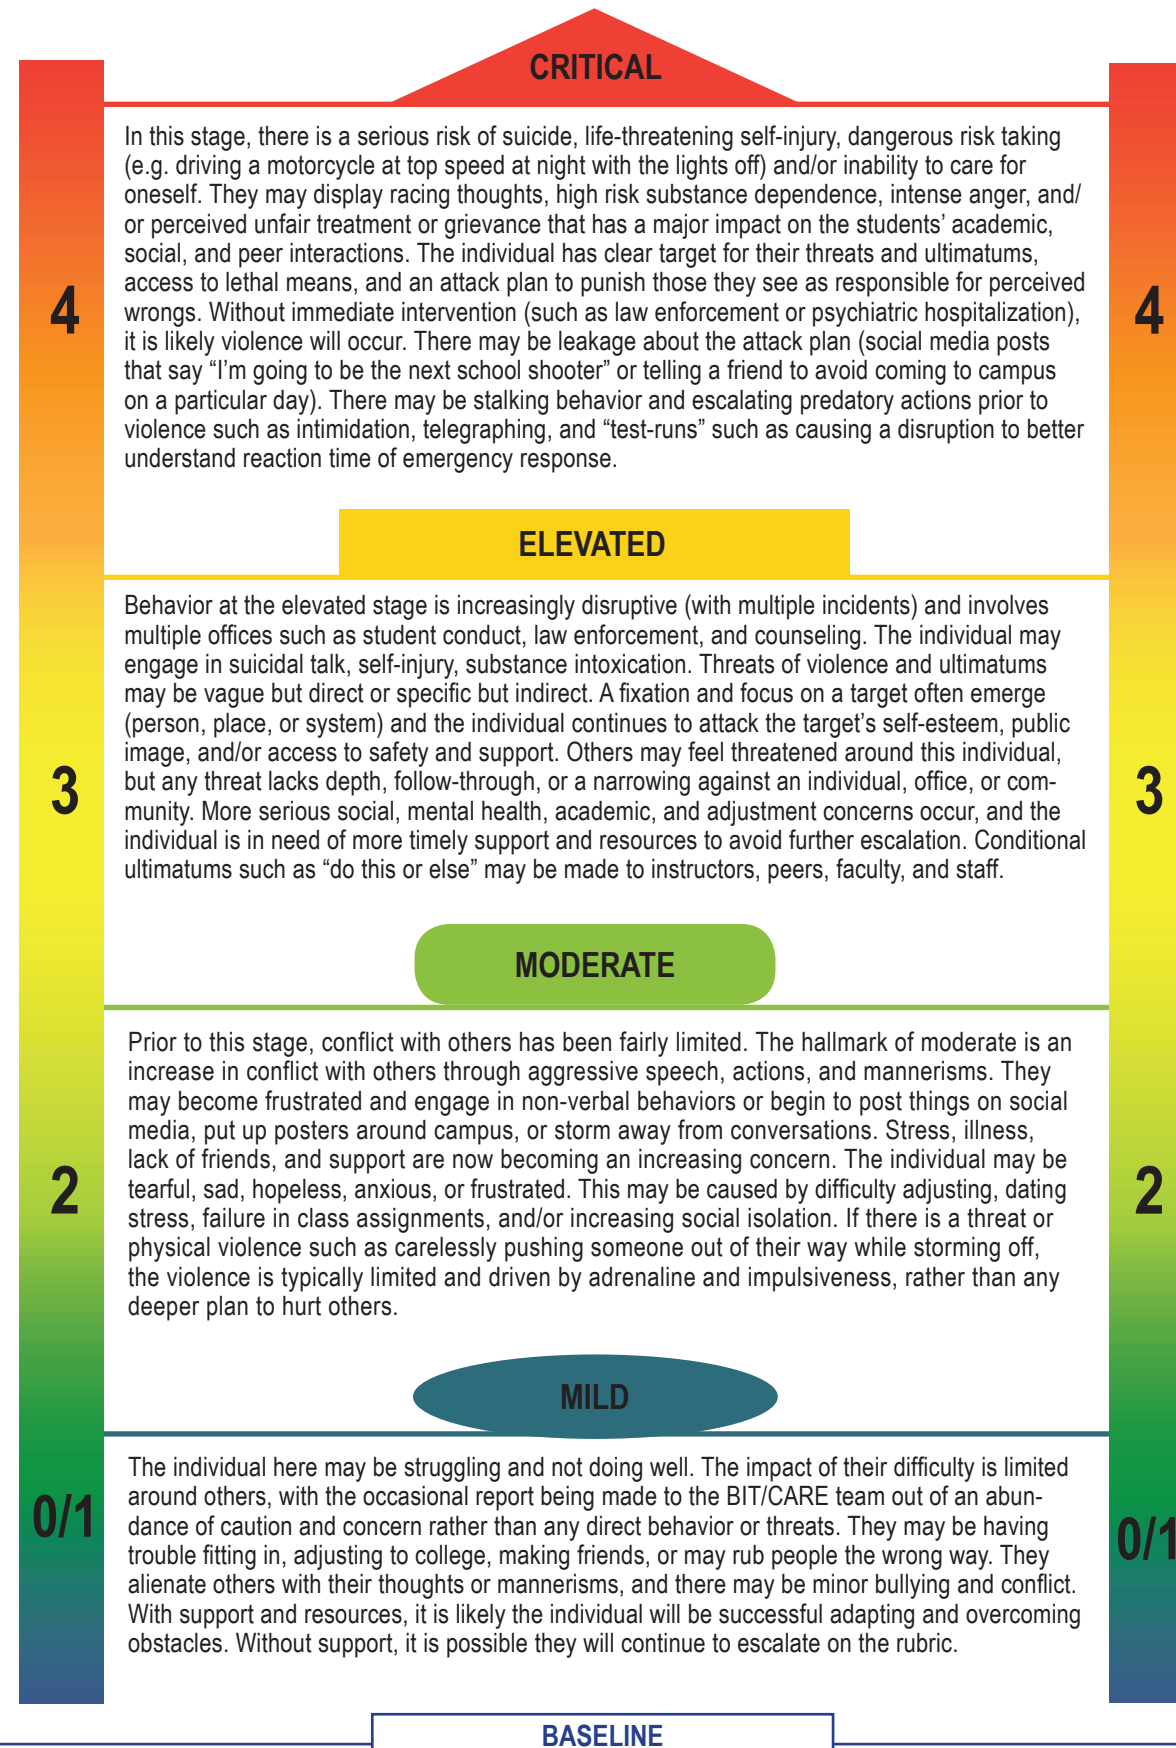

### DISTRESSED

- Distressed individuals engage in behavior that concerns others, and have an impaired ability to manage their emotions and actions. Possible presence of stressors such as:
  - Managing chronic mental illness, mild substance abuse/misuse, disordered eating
  - Situational stressors that cause disruption in mood, social, or academic areas
  - Difficulty coping/adapting to stressors/trauma; behavior may subside when stressor is removed, or trauma is addressed/processed
- If a threat is present, the threat is vague, indirect, implausible, and lacks detail or focus

### DEVELOPING

- ◆ Experiencing situational stressors but demonstrating appropriate coping skills
- ◆ Often first contact or referral to the BIT/CARE team, etc.
- ◆ Behavior is appropriate given the circumstances and context
- ◆ No threat made or present

## OVERALL SUMMARY

## E-SCALE

Hostility and Violence to Others

### EMERGENCE OF VIOLENCE

- ▲ Behavior is moving towards a plan of targeted violence, sense of hopelessness, and/or desperation in the attack plan; locked into an all or nothing mentality
- ▲ Increasing use of military and tactical language; acquisition of costume for attack
- ▲ Clear fixation and focus on an individual target or group; feels justified in actions
- ▲ Attack plan is credible, repeated, and specific; may be shared, may be hidden
- ▲ Increased research on target and attack plan, employing counter-surveillance measures, access to lethal means; there is a sense of imminence to the plan
- ▲ Leakage of attack plan on social media or telling friends and others to avoid locations

### ELABORATION OF THREAT

- Fixation and focus on a singular individual, group, or department; depersonalization of target, intimidating target to lessen their ability to advocate for safety
- Seeking others to support and empower future threatening action; may find extremists looking to exploit vulnerability; encouraging violence
- Threats and ultimatums may be vague or direct and are motivated by a hardened viewpoint; potential leakage around what should happen to fix grievances and injustices
- There is rarely physical violence here, but rather an escalation in the dangerousness and lethality in the threats; they are more specific, targeted, and repeated

### ESCALATING BEHAVIORS

- Driven by hardened thoughts or a grievance concerning past wrongs or perceived past wrongs; increasingly adopts a singular, limited perspective
- When frustrated, storms off, disengaged, may create signs or troll on social media
- Argues with others with intent to embarrass, shame, or shut down
- Physical violence, if present, is impulsive, non-lethal, and brief; may seem similar to affective violence, but driven here by a hardened perspective rather than mental health and/or environmental stress

### EMPOWERING THOUGHTS

- ◆ Passionate and hardened thoughts; typically related to religion, politics, academic status, money/power, social justice, or relationships
- ◆ Rejection of alternative perspectives, critical thinking, empathy, or perspective-taking
- ◆ Narrowing on consumption of news, social media, or friendships; seeking only those who share the same perspective
- ◆ No threats of violence

↑ TRAJECTORY?

↑ TRAJECTORY?

**INTERVENTION OPTIONS TO ADDRESS RISK  
AS CLASSIFIED**

**CRITICAL (4)**

- Initiate wellness check/evaluation for involuntary hold or police response for arrest
- Coordinate with necessary parties (student conduct, police, etc.) to create plan for safety, suspension, or other interim measures
- Obligatory parental/guardian/emergency contact notification unless contraindicated
- Evaluate need for emergency notification to community
- Issue mandated assessment once all involved are safe
- Evaluate the need for involuntary/voluntary withdrawal
- Coordinate with university police and/or local law enforcement
- Provide guidance, support, and safety plan to referral source/stakeholders

**ELEVATED (3)**

- Consider a welfare/safety check
- Provide guidance, support, and safety plan to referral source/stakeholders
- Deliver follow up and ongoing case management or support services
- Required assessment such as the SIVRA-35, ERIS, HCR-20, WAVR-20 or similar; assess social media posts
- Evaluate parental/guardian/emergency contact notification
- Coordinate referrals to appropriate resources and provide follow-up
- Likely referral to student conduct or disability support services
- Coordinate with university police/campus safety, student conduct, and other departments as necessary to mitigate ongoing risk

**MODERATE (2)**

- Provide guidance and education to referral source
- Reach out to student to encourage a meeting
- Develop and implement case management plan or support services
- Connect with offices, support resources, faculty, etc. who interact with student to enlist as support or to gather more information
- Possible referral to student conduct or disability support services
- Offer referrals to appropriate support resources
- Assess social media and other sources to gather more information
- Consider VRAW<sup>2</sup> for cases that have written elements
- Skill building in social interactions, emotional balance, and empathy; reinforcement of protective factors (social support, opportunities for positive involvement)

**MILD (0/1)**

- No formal intervention; document and monitor over time
- Provide guidance and education to referral source
- Reach out to student to offer a meeting or resources, if needed
- Connect with offices, support resources, faculty, etc. who interact with student to enlist as support or to gather more information
