### What does UCARE do?

- Prevention and planning
- Consults and communicates
- Gathers information
- Assesses circumstances
- Develops action plans
- Responds
- Process improvement

### Privacy

FERPA allows university faculty and staff to share observations about student behavior, student statements, and concerns about students with S&T personnel who have responsibility for the health, safety, and welfare of students. FERPA and other privacy regulations allow S&T officials to release information to others when it is necessary to protect the health, safety, and welfare of the student and/or the campus community. Consideration for student privacy should be given before information is shared.
